

Posting Date: March 6th, 2019

Position Title: Senior GIS Analyst

Position Location: Stillwater, MN

**U.S. citizenship is REQUIRED. Foreign national work visas will not be sponsored.*

Position Description

RAMTeCH Software Solutions is a global GIS data management and solutions company specializing in the utility, telecommunications, and government industries.

We are seeking an experienced Senior GIS Analyst to work in our Stillwater, Minnesota office and U.S. operational headquarters to assist in the design, development and implementation of landbase and facility data conversion, migration and conflation projects. The position requires solid knowledge of geographic information systems and computer-based technology and the ability to work with the production and technical teams.

Position Minimum Requirements:

- Minimum of 5 years of Esri ArcGIS experience is required
- Professional experience in Landbase/Utility Mapping is required
- Python or Model Builder experience is required
- Good writing skills for training and process documentation
- Good analytical / problem solving skills
- Good IT technical skills
- Strong attention to detail and data product quality
- Experience with MS Office products
- Bachelor's degree in Geography or Computer Science is desirable, but equivalent professional experience is acceptable

Preferred Skills:

- Oracle, SQL or related RDBMS skills including administration capability
- Experience working with CAD software like AutoCAD or Microstation
- Arcade, Regular Expressions and XML experience is desirable
- Experience in C# / .NET / Arc Objects programming skills a plus
- FME experience a plus

Additional Responsibilities:

- Identify and recommend process improvements and enhancements
- Assist with production related tasks as needed
- Develop technical solutions for migration, conversion and conflation projects

RAMTeCH Software Solutions offers competitive wages and a comprehensive benefits package, including life insurance, health and dental insurance, tuition and training reimbursement, 401(k) retirement plan, paid holidays, vacation and sick time.

Additional Job Details:

Employment Term: Full Time

Travel: Minimal

Job Level: Senior level technical

Work Authorization: US Citizen
