

Job Posting

Position: Program Manager

Job Type: Full-time

Location: Stillwater, MN or Remote

Position Description:

RAMTeCH Software Solutions, Inc. is a global GIS consulting, system implementation, data management, and software solutions company specializing in the utility, energy, and telecommunications industries. We are seeking an experienced Program Manager to work in our Stillwater, MN office or remotely within the United States. The primary responsibilities of this position will be management and oversight of large gas and electric GIS implementation projects. The successful candidate will report directly to the Sr. Director, Professional Services, and will work in a team environment with project managers, GIS analysts, consultants, developers, partners, and clients.

Position Requirements

- Strong understanding of gas and electric utility business processes and systems
- Experience directly managing implementation projects of various sizes and complexities
- Gas and electric utility experience with GIS, namely the Esri ArcGIS software suite, and related geospatial technologies; Esri Utility Network and Schneider ArcFM experience is a plus
- IT project management experience with the implementation of IT infrastructure, software, data transformation solutions, and strategic consulting projects
- Strong working knowledge of SDLC practices and procedures
- Excellent organizational, communication, listening, and customer-facing skills
- Experience with waterfall and agile project delivery methodologies following PMI PMBOK standards
- Experienced with creating, managing, and driving projects through Microsoft Project or similar programs
- Ability to manage multiple tasks and work effectively within a team environment
- Experience developing executive-level reports and presentations

Experience and Education Required

- 10+ years of proven successful IT and GIS project implementation experience with gas and electric utilities, and telecommunications companies
- Minimum bachelor's degree in GIS, computer science, engineering, or a related field, with preference to a master's degree
- PMI PMP certification is preferred

Additional Job Details

- **Travel:** +25%
- **Work Authorization:** U.S. citizenship required
- **Compensation:** Commensurate with credentials
- **Benefits:** Competitive company benefits

Join a global network of 3,000+ high-caliber people including an actively expanding North American operation, who collaborate and share an enthusiasm for successful project delivery. RAMTeCH encourages individual achievement and

recognizes the strength of a diverse workforce. This position comes with a competitive compensation package, and a comprehensive benefits package, including life insurance, health and dental insurance, tuition, and training reimbursement, 401(k) retirement plan, paid holidays, vacation, and sick time.

Our growing team awaits the addition of your business development and technical knowledge as well as strong skills. For confidential consideration, qualified candidates should submit a cover letter and resume to the following contact.
