

Job Posting

Position: GIS Technician III

Job Type: Full-time

Location: Remote for an East Coast Utility Client

Position Description:

RAMTeCH Software Solutions, a global geospatial data management, technical and consulting services, and software solutions company specializing in the utility and telecommunications industries, is seeking an experienced GIS technician to work remotely for a major utility client based on the East Coast. The technician's main responsibilities will be to perform routine GIS database and map updates for the electric distribution network. All editing tasks will be performed using ArcGIS/ArcPro and Schneider Electric's ArcFM software. All GIS Technicians report to a RAMTeCH manager and work closely with the utility GIS staff in a team environment. The candidate must be able to communicate effectively with GIS teammates, as well as utility employees from other departments.

Position Requirements:

The requirements listed below are representative of the knowledge, skill, and/or ability desired:

- Familiarity with ESRI ArcGIS 10.8.1 or newer. ESRI ArcPro is a plus.
- Familiarity with Schneider Electric ArcFM is desirable.
- Experience with electric networks is required.
- Strong analytical, organizational, and problem-solving skills.
- Demonstrated ability to take initiative, exercise sound judgment, and work independently.
- Learn and understand all tasks on the project, including work order processing, data cleanup, and following up on data inquiries.
- Implement the client model specifications and procedural changes as needed.
- Analyze CAD drawings, various types of maps, and client databases for research.
- Must track all inquiries and work performed in client spreadsheets, databases, or apps.

Experience and Education Required:

- **Minimum:** Three years
- **Education:** Associate or bachelor's degree in computer science, engineering, GIS, cartography/geography, or a related field.
- **Experience:** GIS technology and solutions, Windows File Explorer, Microsoft Word, Outlook, Excel, Teams, SharePoint, and SAP.

Additional Job Details:

- **Work Authorization:** US Citizen
- **Compensation:** Competitive compensation reflects current market rates for GIS Technical work. Specific pay rates will be offered to qualified candidates based directly upon relevant experience, education, and professional background.

Join a global network of 3000+ high-caliber people, including an actively expanding North American operation, who collaborate and share an enthusiasm for successful project delivery. RAMTeCH encourages individual achievement and recognizes the strength of a diverse workforce. This position comes with a competitive compensation package and a comprehensive benefits package, including life insurance, health and dental insurance, tuition and training reimbursement, 401(k) retirement plan, paid holidays, vacation, and sick time.

Our growing team awaits the addition of your technical knowledge and strong skills. For confidential consideration, qualified candidates should submit a cover letter, resume, and salary requirements to the following contact. RAMTeCH is an Equal Opportunity/Affirmative Action Employer.
